**Hamilton Sundstrand APU Training Announcement
Appleton, Wisconsin Course Schedule**

**Gemini T-20G and T-39/T-40
Line Maintenance and Troubleshooting**

General Dynamics Aviation Services (GDAS) is pleased to announce our 2010 Hamilton Sundstrand APU Line Maintenance and Troubleshooting Training Schedule. We offer 2 separate courses, which encompass all APU models installed in business aircraft.

Both courses are FAA accepted. Content includes theory of operation, normal operation, maintenance, inspection, troubleshooting, testing, adjustment/rigging, LRU change, and use and practical interpretation of APU technical publications. The course will include classroom and hands-on training. Attendees will be provided with certificates of completion for the training received.

Two training dates for 2009 are being offered at our Appleton, Wisconsin facility.

T-39/T-40 APU Series	November 2-3
Gemini APU Series	November 4-5

The course fee is \$1,695.00 and will be invoiced by Global Jet Services when the class is completed.

Global Jet Services, Inc., a leading aviation maintenance training company, has partnered with GDAS to conduct this training. To learn more about Global Jet Services, go to <http://www.globaljetservices.com>.

Please contact Perry Abitz at General Dynamics Aviation Services for additional information, or to register for this course. Space is limited.
